Typical Daily Itinerary:

Day 1: Arrive at the Belize International Airport, where you will be met by an Island Expeditions' representative and transferred to Cahal Pech Village Resort – a picturesque lodge carved out of the land with a grand vista overlooking the town of San Ignacio and the rolling hills of the Cayo District in Western Belize. This is an ideal starting point for the adventure that awaits.

Day 2: A full day of adventure and exploration. The first mission is to venture into the jungle to explore the underground archaeological site of the Chech'Em Ha Cave system. After an hour and half in the cave, we hike further downhill to lunch served by our hosts in a spectacular setting overlooking the Macal river valley. The next adventure is the ancient Mayan ruins of Xunantunich. It's a short drive and then you will cross the Mopan River on a hand-cranked ferry. Situated on the banks of the river, you will travel back through centuries to the world of ancient kings, temples, plazas and the renowned ball courts of this ancient city. In the evening you can stroll into San Ignacio, meet the local people, and enjoy dinner on your own in the town.

Upon arrival, you'll receive an introduction to your new environment before settling into your ocean view tent cabana. Our guides will then conduct professional instruction to teach you the fundamentals of sea kayaking, snorkeling, and tropical water safety. After training, enjoy a paddle to a nearby patch reef and start exploring some of the 700 snorkel sites Glover's Reef Atoll has to offer.

Our itinerary is flexible in order to accommodate individual and group preferences. Activities include paddling, snorkeling the inner and outer walls of the reef, SUP and learning to sail a kayak. In the mornings and evenings, we host informative sessions on a range of topics.
